

Final Logo

MOTORSPORT CO.

Create a final professional logo for Black Flag Motorsport Co. combining three existing concepts. Use the aggressive angular BF monogram from the current design, but integrate the checkered flag pattern directly into the monogram as a clean negative-space element. Retain the sharp motorsport-inspired typography from the Black Flag wordmark while refining proportions and consistency. Use the clean, spaced-out MOTORSPORT CO. typography beneath the main logo. Balance premium automotive branding with aggressive racing culture. Inspired by GT3 race teams, performance engineering, apex racing lines, and modern motorsport graphics. Strong geometric construction, bold silhouette, high contrast black, white, and red color palette. Clean vector artwork, scalable, highly recognizable, suitable for vehicle liveries, apparel, decals, banners, and social media. Minimal texture, subtle distressing only if necessary.

Direction 1:

Modern Motorsport Monogram

Prompt:

“Design a premium motorsport-inspired logo for **Black Flag Motorsport Co.** Create a bold geometric monogram using the brand initials. Sharp angles, aerodynamic forms, racing heritage influence, minimal line work, strong silhouette, highly recognizable at small sizes, black and white vector logo, professional brand identity, modern luxury performance aesthetic, scalable, clean negative space, suitable for apparel, vehicle decals, social media, and product packaging. No gradients, no mockups, no background elements.”

close the distance between the letters in the monogram and in the "Black flag" portion of the typography.

Direction 2:

Aggressive Racing Team Identity

Prompt:

“Design a bold racing-inspired logo for **Black Flag Motorsport Co.** Dynamic movement, speed, precision engineering, aggressive angular shapes, strong visual energy, modern GT racing influence, iconic symbol that works independently from the wordmark, clean vector design, monochrome, highly memorable, professional motorsport branding system, suitable for race liveries, helmets, jackets, and digital media.”

Make the flag portion of the b more prominent, make the text more sharp, aggressive, aerodynamic.

Direction 3:

Prior logo image base

Prompt:

“Redesign the Black Flag Motorsport logo as if it were a modern performance automotive brand competing with Porsche Motorsport, AMG, RTR Vehicles, and Hoonigan. Create a clean BF monogram with precise geometric construction and integrated motion cues. Minimal but aggressive. Focus on timelessness rather than trendiness. Strong silhouette, racing heritage, premium execution, black and white vector logo with red accents. Suitable for embroidery, vehicle badges, and professional motorsport branding.”

Add a distressed look to the bf, add a distressed " Solid black" *not the American flag* flag behind the bf, make the typography more aggressive
